

# CaviWipes™

**Disinfects and Kills Germs in just Minutes.**

**H1N1 Swine Flu Threat is Increasing.**

**Flu Season is Approaching.**

**Is Your Staff and Family Protected?**

Presaturated with CaviCide®, CaviWipes™ are a quick, easy-to-use, timesaving convenience. CaviWipes™ are durable, nonwoven, nonabrasive towels that won't bunch up during use. They offer better surface contact than other wipes, requiring less force to apply solution to a surface. Better fluid capacity keeps the cloths fully saturated with CaviCide® rather than pooling at the bottom of the canister. Each CaviWipe™ is a cleaner and disinfectant, in one. Saving money by reducing repetitive inventory and time. They're recommended for use on nonporous surfaces and fixtures and are perfect for operating rooms, surgical centers, neonatal units, medical and dental operatories and other critical-care areas.

**Description:**

**Item#:**

**Canister 6"x6.75"**

Case(12 Canisters of 160 Wipes)

CPD03C

**XL Canister 10"x12"**
