

NORTH®

FIRST AID + KITS

Did you know in 2009 the American National Standards Institute (ANSI) revised the standard of first aid?

Are your first aid kits compliant with the new ANSI Standard?

Make sure your workplace is prepared for inspection, as well as emergencies, with the North® unitized first aid kits.

North® First Aid Kits are ANSI Z308.1–2009 compliant and are available in 10, 16, 24 and 36 unit sizes. The contents of each standard assortment has been carefully selected on the basis of past usage and anticipated need for most general industrial applications.

Each carton in the North® First Aid Kits is color-coded for quick identification - Yellow: Bandages, Red: Burn Treatments, Blue: Antiseptics, Green: Special or Miscellaneous. Graphically presented instructions assist in the proper application of each item.

Cartons are easily identified by lot number and expiration date, providing traceability and compliance with FDA requirements. Clear plastic wrapping on each package maintains cleanliness and minimizes the possibility of moisture damage. Unit packages are held snugly together in a highly organized arrangement, like books on a shelf. These sturdy and durable kits are waterproof and equipped with carrying handles and mounting brackets for versatile mounting throughout the facility.
