

# TRANSFER PIPETS

Eliminate the hazards of broken glass and exposure to infectious materials with these unbreakable, non-sterile transfer pipets. Transfer pipets are made of low density polyethylene and are easier and safer to discard, incinerate, or bag as biohazard waste. Two types of transfer pipets are available: graduated and non-graduated. Use the non-graduated pipets for routine fluid sampling and graduated transfer pipets for accurate volume measurements. All pipets come in a case of 500.

Item# PPD0301C  
Graduated up to 1ml / Total Capacity: 5ml/ Diameter: 5mm

Item# PPD0302C  
Graduated up to 2ml / Total Capacity: 5ml/ Diameter: 7mm

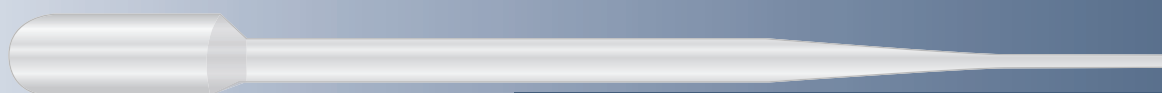

Item# PPD0303C  
Graduated up to 3ml / Total Capacity: 7ml/ Diameter: 7.8mm

Item# PPD0304C  
Non- Graduated/ Total Capacity: 4.5ml/ Diameter: 2.5mm

Item# PPD0305C  
Non- Graduated/ Total Capacity: 5.8ml/ Diameter: 5mm

Item# PPD0306C  
Non- Graduated/ Total Capacity: 2.4ml/ Diameter: 7mm
