# 6. ACCIDENTAL RELEASE MEASURES

**Personal precautions:** Keep unnecessary and unprotected personnel from entering area. Avoid breathing

vapors. Provide adequate ventilation. Do not touch or walk through spilled material.

Eliminate sources of ignition.

Environmental precautions: Avoid dispersal of spilled material, runoff and contact with soil, waterways, drains and

sewers. Contain spill area.

**Spill:** Prevent runoff. Contain and collect spillage with absorbent material e.g. sand, earth,

vermiculite etc and place in container for disposal according to local regulations (see section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product. Dilute with water and mopup or absorb with an inert dry material and place in an appropriate waste disposal

container. Avoid contact with strong oxidizers.
