

Effective Date: April 14, 2020 Version: 1.0

Product Name: Epithelial Membrane Antigen (EMA) E29 MM147-10

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1 Product identifier

| Product Name: | Epithelial Membrane Antigen (EMA) E29 |  |
|---------------|---------------------------------------|--|
| Cat ##        | MM147-10                              |  |
| Components    | Tween-20, Sodium Azide, Proclin 300™  |  |
| EC            | 500-018-3, 247-852-1, 613-167-00-5    |  |
| CAS           | 9005-64-5, 26628-22-8, 55965-84-9     |  |

# 1.2 Relevant identified uses of the substance or mixture and uses advised against

Green liquid reagent

#### 1.3 Manufactured For:

StatLab Medical Products 2090 Commerce Drive McKinney, TX 75069 (800)-442-3573 statlab.com

## 1.4 Emergency telephone number

Chemtrec: 800-424-9300 (USA & Canada) Chemtrec: 703-527-3987 (International)

Non-transport: 972-436-1010 (USA)

### **SECTION 2: Hazards Identification**

## 2.1 Classification of the substance or mixture

| Hazard Class | Category | Category | Hazard Statements (H-Statements)         |
|--------------|----------|----------|--|
| N/A          | N/A      | N/A      | This product has been classified as non- |
|              |          |          | hazardous based on the physical and/or   |
|              |          |          | chemical nature and/or concentration of  |
|              |          |          | ingredients.                             |

#### 2.2 Label elements

| Signal Word  | Warning     |
|--------------|-------------|
| Pictogram    | <u>(!</u> ) |
| H-Statements | N/A         |
| P-Statements | N/A         |

Effective Date: April 14, 2020 Version: 1.0

Product Name: Epithelial Membrane Antigen (EMA) E29 MM147-10

| EUH-Statements | N/A |
|----------------|-----|
|----------------|-----|

#### 2.3 Other hazards

N/A

## **SECTION 3: Composition/information on ingredients**

| Name         | Identifiers                         | Classification according to CLP | Classification (for pure substances) |
|--------------|-------------------------------------|---------------------------------|--------------------------------------|
| Tween-20     | EC: 500-018-3<br>CAS: 9005-64-5     | Concentration: <0.15 %          | R236, R38                            |
| Sodium Azide | EC: 247-852-1<br>CAS: 26628-22-8    | Concentration: <0.1%            | R28, R38, R50/53                     |
| Proclin 300™ | EC: 613-167-00-5<br>CAS: 55965-84-9 | Concentration: <0.1%            | R43                                  |

#### **SECTION 4: First aid measures**

#### 4.1 Description of first aid measures

| If inhaled                         | Move to well-ventilated area. If individual is not breathing, begin artificial respiration immediately and obtain medical attention.   |
|------------------------------------|--|
| If on skin                         | Immediately flush with copious amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. If pain or irritation occurs, obtain medical attention.       |
| If in eyes                         | Immediately wash eyes gently under running water for 15 minutes or longer, making sure that the eyelids are held open. If pain or irritation occurs, obtain medical attention. |
| If swallowed                       | Rinse mouth with water. Immediately seek medical attention and call poison control center.   |
| Self-protection of the first aider | N/A  |

## 4.2 Most important symptoms and effects, both acute and delayed

N/A

# 4.3 Indication of any immediate medical attention and special treatment needed

N/A

## **SECTION 5: Firefighting measures**

### 5.1 Extinguishing media

| Suitable extinguishing media   | Extinguish using suitable agents |
|--------------------------------|----------------------------------|
| Unsuitable extinguishing media | N/A                              |

Effective Date: April 14, 2020 Version: 1.0

Product Name: Epithelial Membrane Antigen (EMA) E29 MM147-10

## 5.2 Special hazards arising from the substance or mixture

| Hazardous combustion products | No combustion products posing significant hazards are expected from this product (a dilute aqueous solution). |
|-------------------------------|---|
| Other information             | N/A   |

#### **5.3** Advice for firefighters

Wear protective clothing containing self-contained breathing apparatus.

#### **SECTION 6: Accidental release measures**

#### 6.1 Personal precautions, protective equipment and emergency procedures

| Protective equipment     | Ensure adequate ventilation  Eye Protection: Wear goggles or safety glasses  Hand protection: Wear latex or vinyl gloves |
|--------------------------|--|
|                          | Other protective equipment: Use lab coat or apron to prevent contact with eyes, skin and clothing                        |
| Emergency procedures     | N/A  |
| For emergency responders | N/A  |

#### **6.2 Environmental precautions**

Do not allow to enter sewage system

#### 6.3 Methods and material for containment and cleaning up

| For containment   | N/A   |
|-------------------|---|
| For cleaning up   | Use universal precautions during clean up procedures. As a precautionary measure, treat spilled material with a 1:10 bleach/water solution. Use liquid absorbent material to absorb liquid and place in container suitable for disposal. Avoid generation of aerosols during clean up. Comply with applicable waste disposal regulations. |
| Other information | N/A   |

#### 6.4 Reference to other sections

N/A

# **SECTION 7: Handling and storage**

# 7.1 Precautions for safe handling

| Measures to prevent fire                        | N/A |
|---|-----|
| Measures to prevent aerosol and dust generation | N/A |
| Measures to protect the environment             | N/A |

Effective Date: April 14, 2020 Version: 1.0

Product Name: Epithelial Membrane Antigen (EMA) E29 MM147-10

| Advice on general occupational hygiene | Universal precautions should be followed when using this product. Wear personal protective equipment. Ensure adequate ventilation. Do not |
|--|---|
|  | breathe vapors or spray mist. Avoid contact with skin and eyes. Do not  |
|  | ingest. Do not eat, drink when handling this product, and wash hands  |
|  | after handling.   |

#### 7.2 Conditions for safe storage, including any incompatibilities

| Technical measures and storage conditions  | Store at 2°C to 8°C |
|--|---------------------|
| Packaging materials                        | N/A                 |
| Requirements for storage rooms and vessels | N/A                 |
| Storage class                              | N/A                 |
| Other information                          | N/A                 |

## 7.3 Specific end use(s)

| Recommendations                      | N/A |
|--------------------------------------|-----|
| Industrial sector specific solutions | N/A |

# **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies. Ensure adequate ventilation, especially in confined areas. Ensure that eyewash stations and safety showers are close to the workstation location.

#### 8.2 Exposure controls

| Respiratory Protection   | Use in well-ventilated laboratory  |
|--------------------------|--|
| Skin and body protection | Wear appropriate protective gloves and clothing to prevent skin exposure |
| Eye/face Protection      | Wear appropriate protective eyeglasses or chemical safety goggles        |
| Hygiene Measures         | Handle in accordance with good industrial hygiene and safety practice    |

# **SECTION 9: Physical and chemical properties**

# 9.1 Information on basic physical and chemical properties

| Appearance                            | Clear, Green, Liquid |
|---------------------------------------|----------------------|
| · · · · · · · · · · · · · · · · · · · |                      |
| Odor                                  | Odorless             |
| Order Threshold                       | N/A                  |
| рН                                    | 7.5                  |
| Melting Point/ Freezing Point         | N/A                  |

Effective Date: April 14, 2020 Version: 1.0

Product Name: Epithelial Membrane Antigen (EMA) E29 MM147-10

| Initial Boiling Point/ Freezing Point | N/A |
|---------------------------------------|-----|
| Flash Point                           | N/A |
| Evaporation Rate                      | N/A |
| Flammability                          | N/A |

| Upper/Lower Flammability or Explosive Limits | N/A    |

| Vapor Pressure                               | N/A    |
| Vapor Density                                | N/A    |
| Relative Density                             | ~1g/mL |
| Solubility                                   | N/A    |
| Partition Coefficient: n-octanol/water       | N/A    |
| Auto-Ignition Temperature                    | N/A    |
| Decomposition temperature                    | N/A    |
| Viscosity                                    | N/A    |
| Explosive Properties                         | N/A    |
| Oxidizing Properties                         | N/A    |

#### 9.2 Other Information

N/A

# **Section 10: Stability and Reactivity**

# 10.1 Reactivity

N/A

## 10.2 Chemical Stability

Stable under recommended storage conditions

## 10.3 Possibility of Hazardous Reactions

N/A

#### 10.4 Conditions to Avoid

Strong prolonged heat and contact with incompatible materials

## 10.5 Incompatible Materials

Strong Acids Strong Bases

Effective Date: April 14, 2020 Version: 1.0

Product Name: Epithelial Membrane Antigen (EMA) E29 MM147-10

Strong Oxidizers

Metals and Metallic compounds

Sodium Azide forms explosive compounds with heavy metals. Repeated contact of low concentrations of azide with lead and copper commonly found in plumbing drains result in the buildup of shock sensitive compounds.

#### **10.6 Hazardous Decomposition Products**

N/A

# **SECTION 11: Toxicological Information**

Tween-20 (in pure form): mouse LD50 oral > 33gm/kg (33000mg/kg)

| Common route of entry                    | Ingestion  |
|--|--|
| Common route of entry                    | Ingestion  |
| Potential Effects of Acute<br>Exposure   | Mild skin irritation   |
| Potential Effects of                     | N/A  |
| Chronic Exposure                         |  |
| Symptoms of<br>Overexposure              | N/A  |
| Sodium Azide (in pure for                | m): mouse LD50 oral 27mg/kg (27mg/kg)  |
| Common route of entry                    | Ingestion  |
| Potential Effects of Acute<br>Exposure   | Its concentration is low (<0.1%) in this product, but it is highly toxic when ingested in pure form. Overexposure may cause irritation of skin, eyes and mucous membranes, lowered blood pressure and irregular heartbeat. Sodium azide is a chemical asphyxiant and may affect the cardiovascular, respiratory and central nervous systems. Symptoms may include irritation, severe, pounding headaches, dizziness, weakness, nausea, vomiting, low blood pressure, rapid heartbeat, convulsions, collapse and death. |
| Potential Effects of<br>Chronic Exposure | Prolonged or repeated exposure may result in pounding headaches, eye and nose irritation, low blood pressure, fatigue and dizziness.   |
| Symptoms of<br>Overexposure              | Eye, skin, nose and throat irritation; headache, weakness, dizziness, confusion, nausea and vomiting. This may also lead to difficulty in breathing, irregular heartbeat, reddish colored skin, unconsciousness, convulsions, coma and death. Symptoms may be delayed for several hours after exposure.  |
| Proclin 300™ (in pure form               | <b>n):</b> LD50 (oral-rat): 3600 mg/kg (100%)  |
| Common route of entry                    | Ingestion  |

Effective Date: April 14, 2020 Version: 1.0

Product Name: Epithelial Membrane Antigen (EMA) E29 MM147-10

| Potential Effects of Acute<br>Exposure   | The product contains <0.1% of Proclin 300 <sup>™</sup> which corresponds to <0.0015% of its active ingredients. At this low final concentration, this biocidal preservative is irritating to eyes and skin and may be detrimental if enough is ingested (quantities above those found in the kit). |
|--|--|
| Potential Effects of<br>Chronic Exposure | It is a skin sensitizer; prolonged or repeated exposure may cause allergic reaction in certain sensitive individuals.  |
| Symptoms of<br>Overexposure              | Allergic skin reaction   |

## **SECTION 12: Ecological Information**

#### 12.1 Toxicity

Preservatives normally are toxic for aquatic organisms when using pure substances. No ecological problems are to be expected when this product is handled and used with care and attention.

#### 12.2 Persistence and Degradability

N/A

#### 12.3 Bioaccumulative potential

N/A

#### 12.4 Mobility in Soil

N/A

#### 12.5 Results of PBT and vPvB Assessment

N/A

#### 12.6 Other Adverse Effects

N/A

## **SECTION 13: Disposal Considerations**

#### 13.1 Waste Treatment Methods

Dispose of waste product, unused product and contaminated packaging in compliance with federal, state and local regulations. If unsure of the applicable requirements, contact the authorities for information.

# **SECTION 14: Transport Information**

#### 14.1 Un Number

N/A

Effective Date: April 14, 2020 Version: 1.0

Product Name: Epithelial Membrane Antigen (EMA) E29 MM147-10

| 14.2 Un Proper Shipping Name |
|------------------------------|
|------------------------------|

N/A

#### 14.3 Transport Hazard Class (es)

N/A

#### 14.4 Packing Group

N/A

#### 14.5 Environmental Hazards

Ν/Δ

## 14.6 Special Precautions for User

N/A

#### 14.7 Transport in Bulk according to Annex II of MARPOL73/78 and the IBC Code

N/A

## **SECTION 15: Regulatory Information**

# 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

The product does not contain a hazardous ingredient in an amount that requires identification and labeling according to EC directives.

## 15.2 Chemical Safety Assessment

N/A

#### **SECTION 16: Other Information**

This information is believed to be accurate and represents the best information currently available to StatLab Medical Products.
